

Coaching for Continuity Leadership Seminar

One-day workshop

Suitable for K–8 school leaders, SEL coaches, counselors, and *Responsive Classroom* leadership team members

Support educators with coaching for successful implementation.

Providing ongoing support is crucial in helping educators apply the *Responsive Classroom* approach effectively, especially in the early years of implementation. This workshop will explore the natural learning cycle and examine various coaching models to discover valuable strategies for fostering teacher growth and development.

Important Details

1. **Suitable for K-8 School Leaders** with a schoolwide commitment to *Responsive Classroom* (more than 50% of educators have attended training and are implementing the approach)
2. **Resources included:**
 - Coaching for Continuity Resource Book

“ I am excited to try a coaching model to support my teachers in implementing the approach.

—Christine, elementary school leader

”

Agenda

- Identifying the Role of Coaching
- Leveraging the Natural Learning Cycle
- Coaching with Teacher Language
- Examining Coaching Models
- Exploring Resources
- Using the *Responsive Classroom* Assessment Tool
- Planning for Next Steps

Participants will:

Explore the natural learning cycle as a model for growth-based coaching

Connect the *Responsive Classroom* approach to coaching models

Plan for additional professional development opportunities
